

## Datasheet

# CHEMICAL PROTECTION SUIT CASE ONE® B

The Case ONE® B gas-tight disposable suit protects against hazardous and toxic chemicals in liquid or gaseous form in firefighting operations and in the chemical industry.

The chemical protective suit is maintenance-free and is used with a respirator with mask worn over the suit.

Tight fitting gloves and boot socks with drip edge provide the best protection.

Back entry with gas-tight zipper and covered zipper end and an ergonomic butyl cuff contribute to safe and comfortable work.

- » Material: DuPont™ Tychem® 6000 F
